Comments and Observations

Major Violations

No major violations were observed during this inspection.

Minor Violations

No minor violations were observed during this inspection.

Performance-Based Inspection Questions

All responses to PBI questions were satisfactory.

Measured Observations

Item	Location	Measurement	Comments
CHEESES, MEATS, MILK	WALK-IN REFRIGERATOR	38.00 Fahrenheit	
WARM WATER	HANDSINK, RESTROOM	100.00 Fahrenheit	
BURRITOS, SANDWICHES	VENDING MACHINE	40.00 Fahrenheit	

Overall Comments:

All prepackaged foods. Observed hotdog griller/roller and cheese dispenser that were not in use. PIC stated these were only used temporarily for 4th of July and will be removed. *No open foods are allowed due to lack of handsink and 3-compartment sink. Remove equipment from facility, or submit plans for approval.*****

Per operators and records, facility used to have a 3-compartment sink. However, PIC stated the 3-compartment sink was removed in September 2024. Facility must consult this Agency's Plan Check department before removal of any sinks/major equipment. Facility only has prepackaged foods and does not work with open foods.

Inspector will conduct file review to determine if facility needs to re-install sinks.

When required to determine compliance, a single reinspection will be conducted without additional charge. If subsequent reinspections are required, an hourly fee (minimum one hour) at the current rate approved by the Board of Supervisors will be assessed for each and every reinspection until the necessary changes or corrections are made. Unless otherwise noted by the inspector, all violations are to be corrected no later than **7/21/2025**. Any major change in menu or any change in ownership must have prior approval by this Department. This may require structural and/or equipment changes or remodeling to accommodate new operations.
