Overall Comments:

Note: This is a follow-up inspection to the routine inspection conducted on 12/11/24. During the time of the routine inspection, there was no functioning light structure on the storage area. The grease trap was damaged and many food products along with old equipment were stored on the floor in the storage area.

All these violations are now corrected.

When required to determine compliance, a single reinspection will be conducted without additional charge. If subsequent reinspections are required, an hourly fee (minimum one hour) at the current rate approved by the Board of Supervisors will be assessed for each and every reinspection until the necessary changes or corrections are made. Unless otherwise noted by the inspector, all violations are to be corrected no later than **1/10/2025**. Any major change in menu or any change in ownership must have prior approval by this Department. This may require structural and/or equipment changes or remodeling to accommodate new operations.
