Overall Comments:

At time of inspection, hot foods were prepared within the last hour. Food are subject to be discarded if not served by the end of the meal period at 1 PM. A temperature and time log is maintained for the food before it is placed into the warmer.

A shared cart is available during the meal period for students to share unwanted items. Hot foods and opened foods on the shared cart are discarded at the end of the meal period. Prepackaged nonpotentially hazardous foods are returned to the kitchen. Fruits are rewashed.

Temperature logs for each refrigeration unit is also maintained.

When required to determine compliance, a single reinspection will be conducted without additional charge. If subsequent reinspections are required, an hourly fee (minimum one hour) at the current rate approved by the Board of Supervisors will be assessed for each and every reinspection until the necessary changes or corrections are made. Unless otherwise noted by the inspector, all violations are to be corrected no later than **3/13/2026**. Any major change in menu or any change in ownership must have prior approval by this Department. This may require structural and/or equipment changes or remodeling to accommodate new operations.
