Overall Comments:

Limited inspection conducted in conjunction with unpermitted food operation complaint CO0159457

Select pastries sold at the facility are prepared and made from an unapproved source and enforcement action is required.

PIC acknowledged that Egg tarts and Bacon potato salad tarts are prepared at a home kitchen. Facility shall cease sales of those pastries and items are to be removed from menu. In order to read the item to the menu, facility shall provide one of the following:

- Provide a valid health permit for the facility where the pastries will be prepared and received from. If from outside the county, verification will be conducted with that county.**
- Obtain equipment that is received and approved by plan check to prepare the pastries on-site.**

Verified that other cold cream based tart pastries sold by the facility are made onsite using frozen bread that are defrosted and prepared without need of heating.

In addition, it is observed that facility is using unapproved equipment that was previously documented during the routine inspection. Equipment has not been approved by this department's Plan Check. Facility will be subject to further enforcement action due to failure to comply with previously set forth conditions.

When required to determine compliance, a single reinspection will be conducted without additional charge. If subsequent reinspections are required, an hourly fee (minimum one hour) at the current rate approved by the Board of Supervisors will be assessed for each and every reinspection until the necessary changes or corrections are made. Unless otherwise noted by the inspector, all violations are to be corrected no later than **5/14/2026**. Any major change in menu or any change in ownership must have prior approval by this Department. This may require structural and/or equipment changes or remodeling to accommodate new operations.
