Overall Comments:

This is a follow up inspection from 1/10/2025 for the meat department. Joined by Shai Lyn Donaldson, Investigator with USDA

The meat department, deli meats aisle, meat freezer and walk in freezer was inspected.

Observed one shelf for all returnables inside meat walk in cooler for items to shrink. Highly recommend providing a sign to inform employees.

No nail polish remover or other unapproved products not observed in the meat department.

Ensure proper labeling is provided for boxes received, found some boxes labeled as received on "3/4" when manager said they were received on "2/4"

Ensure all required reports are properly documented as required by law, such as grinding reports etc.

When required to determine compliance, a single reinspection will be conducted without additional charge. If subsequent reinspections are required, an hourly fee (minimum one hour) at the current rate approved by the Board of Supervisors will be assessed for each and every reinspection until the necessary changes or corrections are made. Unless otherwise noted by the inspector, all violations are to be corrected no later than **2/21/2025**. Any major change in menu or any change in ownership must have prior approval by this Department. This may require structural and/or equipment changes or remodeling to accommodate new operations.
