Measured Observations

Item	Location	Measurement	Comments
Hot water	Three compartment sink	125.00 Fahrenheit	
Chlorine	Mechanical dishwasher	50.00 Fahrenheit	

Overall Comments:

This is a second follow-up inspection to the routine inspection that was conducted on 01/16/24. The facility was closed because of cockroach infestation. The restaurant has done cleaning and two pest control companies did intervention three times. During today's follow-up inspection, no live or dead cockroaches were observed. All the other minor violations were also corrected. Therefore, the facility shall be open for service. Since this is a second follow-up inspection, the owner will be charged \$290.00.

To prevent such infestation, please conduct a regular thorough cleaning of the facility. It is advisable to hire a regular pest control intervention as well.

When required to determine compliance, a single reinspection will be conducted without additional charge. If subsequent reinspections are required, an hourly fee (minimum one hour) at the current rate approved by the Board of Supervisors will be assessed for each and every reinspection until the necessary changes or corrections are made. Unless otherwise noted by the inspector, all violations are to be corrected no later than **2/2/2024**. Any major change in menu or any change in ownership must have prior approval by this Department. This may require structural and/or equipment changes or remodeling to accommodate new operations.
