Overall Comments:

***Facility is not in operation. Some prepackaged potentially hazardous foods for sale.
Per PIC, they are looking for a new person to take over the facility.***

A Facility Evaluation/change of ownership will need to take place when a new owner takes over. Prior to operating, the new owner must submit the facility evaluation packet.

PIC will send email confirmation from current owner that the current owner of facility is still available and responsible for the prepackaged items for sale until a new owner can take over.

When required to determine compliance, a single reinspection will be conducted without additional charge. If subsequent reinspections are required, an hourly fee (minimum one hour) at the current rate approved by the Board of Supervisors will be assessed for each and every reinspection until the necessary changes or corrections are made. Unless otherwise noted by the inspector, all violations are to be corrected no later than **2/17/2025**. Any major change in menu or any change in ownership must have prior approval by this Department. This may require structural and/or equipment changes or remodeling to accommodate new operations.
