Overall Comments:

Notes:

- Per PIC, the hose that discharges to the hand sink in the restroom is for the A/C unit. Move the liquid discharge to an approved sewage draining system (floor drain, floor sink, mop sink).

- Facility lacks a mop sink, any remodeling or change in operation will require plan check submittal and installation of a curbed cleaning facility or janitorial sink.

When required to determine compliance, a single reinspection will be conducted without additional charge. If subsequent reinspections are required, an hourly fee (minimum one hour) at the current rate approved by the Board of Supervisors will be assessed for each and every reinspection until the necessary changes or corrections are made. Unless otherwise noted by the inspector, all violations are to be corrected no later than **6/20/2025**. Any major change in menu or any change in ownership must have prior approval by this Department. This may require structural and/or equipment changes or remodeling to accommodate new operations.
