### Overall Comments:

**Bakery risk factor inspection.**

**- Per PIC, bakery operates until 8:30am. Hot/warm water and refrigeration temperatures OK.**

**- Per previous records, facility had requested to be under one permit in the past (to combine the warehouse and bakery permits).**

**However, due to the warehouse providing food for other facilities in addition to Dunkin Donuts, the permits shall remain separate.**

**- Due to technical issues, this report will be emailed to the operator.**

When required to determine compliance, a single reinspection will be conducted without additional charge. If subsequent reinspections are required, an hourly fee (minimum one hour) at the current rate approved by the Board of Supervisors will be assessed for each and every reinspection until the necessary changes or corrections are made. Unless otherwise noted by the inspector, all violations are to be corrected no later than **5/19/2025**. Any major change in menu or any change in ownership must have prior approval by this Department. This may require structural and/or equipment changes or remodeling to accommodate new operations.
