Overall Comments:

Follow-up for routine inspection conducted on 2/24/26.

Verified that all major violations are still in compliance.

- Potentially hazardous foods that are subject to time are properly time-marked with the discard time. Operator uses labels above the food items and also keeps a paper log.
- Potentially hazardous foods that are holding are measured at the proper holding temperatures and stored in refrigeration units when not in use. See measured observations.

The following minor violations was also observed to have been corrected.

- All handwash sinks were kept unobstructed and easily accessible.
- Ice machine has been cleaned and sanitized.
- Food are properly stored in the walk-in cooler and around the kitchen.

When required to determine compliance, a single reinspection will be conducted without additional charge. If subsequent reinspections are required, an hourly fee (minimum one hour) at the current rate approved by the Board of Supervisors will be assessed for each and every reinspection until the necessary changes or corrections are made. Unless otherwise noted by the inspector, all violations are to be corrected no later than **3/11/2026**. Any major change in menu or any change in ownership must have prior approval by this Department. This may require structural and/or equipment changes or remodeling to accommodate new operations.
