Overall Comments:

This is a follow up inspection to the routine inspection conducted on 8/27/2025.

All major violations have been addressed.

Fly activity is significantly reduced but not completely eliminated. Discontinue use of household pesticide as it is unapproved for use at a food facility.

Work with a licensed pest control company to address the fly activity.

Email a copy of the pest report to the district specialist.

TPHC form provided and approved.

Continue addressing the remaining violations.

When required to determine compliance, a single reinspection will be conducted without additional charge. If subsequent reinspections are required, an hourly fee (minimum one hour) at the current rate approved by the Board of Supervisors will be assessed for each and every reinspection until the necessary changes or corrections are made. Unless otherwise noted by the inspector, all violations are to be corrected no later than **9/16/2025**. Any major change in menu or any change in ownership must have prior approval by this Department. This may require structural and/or equipment changes or remodeling to accommodate new operations.
