water	dish sink	120.00 Fahrenheit	

Overall Comments:

According to the owner they do not sell to the public at all and the kitchen is used for personal cooking only since they also work next door. Cooking was taking place during inspection for themselves according to the owner. The owner would like to stay on permit to have the option to sell to the public in the future.

Currently no name of restaurant outside of the facility. According to the owner he has no plan to open yet but will call the department before opening.

When required to determine compliance, a single reinspection will be conducted without additional charge. If subsequent reinspections are required, an hourly fee (minimum one hour) at the current rate approved by the Board of Supervisors will be assessed for each and every reinspection until the necessary changes or corrections are made. Unless otherwise noted by the inspector, all violations are to be corrected no later than **3/7/2025**. Any major change in menu or any change in ownership must have prior approval by this Department. This may require structural and/or equipment changes or remodeling to accommodate new operations.
