Overall Comments:

Notes:

- Per PIC, they are scheduled to have work done to the restrooms soon. PIC was unaware what the work would be, but mentioned it should be to deter unauthorized access and use of the restrooms. PIC confirmed they will have access to at least one restroom during work. Provide additional details of work to EH inspector. Changes may require plan check submittal and approval prior to any construction commencing.

- Observed a trench near the back door entrance of the facility that was filled with sewage. Per PIC, they believe the neighboring facility may be having some sewage problems. No drain or sewer issues observed in this facility.

When required to determine compliance, a single reinspection will be conducted without additional charge. If subsequent reinspections are required, an hourly fee (minimum one hour) at the current rate approved by the Board of Supervisors will be assessed for each and every reinspection until the necessary changes or corrections are made. Unless otherwise noted by the inspector, all violations are to be corrected no later than 7/16/2026. Any major change in menu or any change in ownership must have prior approval by this Department. This may require structural and/or equipment changes or remodeling to accommodate new operations.
