Overall Comments:

On-site to conduct a follow-up inspection per facility request. The facility was previously closed for evidence of a vermin infestation on 6/23/2026.

Confirmed facility has completed the following steps for re-opening:
1. Checklist for re-opening was received.
2. Reports from a licensed pest control company, EcoLab, was received. The facility last received treatment on 10/27/2027. Report noted no rodent activity at the time of inspection. Per PIC, the facility has been receiving routine services twice a week since facility closure, and will continue to receive services twice a week.
3. All sanitation and food safety items on worksheet have been verified as completed. Facility has conducted cleaning and sanitizing of the floors, particularly in aisle #1 nearby the garden area. No food was present at the facility at the time of inspection.
4. All prevention measures on worksheet and on pest control report have been completed. Facility has sealed up majority of the holes in the ceiling that were accessible. Per PIC, remaining gaps are difficult to access (see violation K44).

The facility is hereby authorized to operate by this department. Continue to address remaining violations as cited on the routine inspection report.

NOTE: This is the second follow-up inspection following closure for vermin, and shall be billed at $290/hour (one hour minimum) during normal business hours (Monday - Friday, 7:30 AM to 4:30 PM).

FACILITY RE-OPENED / PERMIT REINSTATED

When required to determine compliance, a single reinspection will be conducted without additional charge. If subsequent reinspections are required, an hourly fee (minimum one hour) at the current rate approved by the Board of Supervisors will be assessed for each and every reinspection until the necessary changes or corrections are made. Unless otherwise noted by the inspector, all violations are to be corrected no later than **11/11/2026**.Any major change in menu or any change in ownership must have prior approval by this Department. This may require structural and/or equipment changes or remodeling to accommodate new operations.
