Overall Comments:

Recheck for the floor drain and floor sink. Observed the water to be draining properly at this time. The employee stated that it was partially cleared and needs more work. Continue to clear the drain so that it can drain quickly and properly. If any problem with the not draining and water comes up from the drains then the facility must close to repair.

When required to determine compliance, a single reinspection will be conducted without additional charge. If subsequent reinspections are required, an hourly fee (minimum one hour) at the current rate approved by the Board of Supervisors will be assessed for each and every reinspection until the necessary changes or corrections are made. Unless otherwise noted by the inspector, all violations are to be corrected no later than **8/22/2023**. Any major change in menu or any change in ownership must have prior approval by this Department. This may require structural and/or equipment changes or remodeling to accommodate new operations.
