Overall Comments:

Left a copy of the previous report with the additional information of the complaint. Reinspection of the major violation from the previous inspection. The refrigerator is still not holding all of the food 41 degrees F and below. Upon inspection there were bags of ice on the potentially hazardous foods to hold the temperature 41 degrees F and below. Continue to correct the violation of the refrigerator not holding temperature 41 degrees F max at all times.

When required to determine compliance, a single reinspection will be conducted without additional charge. If subsequent reinspections are required, an hourly fee (minimum one hour) at the current rate approved by the Board of Supervisors will be assessed for each and every reinspection until the necessary changes or corrections are made. Unless otherwise noted by the inspector, all violations are to be corrected no later than **8/12/2025**. Any major change in menu or any change in ownership must have prior approval by this Department. This may require structural and/or equipment changes or remodeling to accommodate new operations.
