Overall Comments:

Reinspection found the major violations from the previous inspection to be corrected. The time coding is being done and no foods were found that were made in advance and sitting at room temperature. The hand sinks had hot and cold water and stocked with soap and paper towels. The placard is being changed to green.

When required to determine compliance, a single reinspection will be conducted without additional charge. If subsequent reinspections are required, an hourly fee (minimum one hour) at the current rate approved by the Board of Supervisors will be assessed for each and every reinspection until the necessary changes or corrections are made. Unless otherwise noted by the inspector, all violations are to be corrected no later than **8/8/2023**. Any major change in menu or any change in ownership must have prior approval by this Department. This may require structural and/or equipment changes or remodeling to accommodate new operations.
