**Overall Comments:**

*This was a follow-up to the 12/2/25 limited inspection/closure. Operator had sent specialist a pest control report and a completed Reopening checklist. No vermin or droppings observed today. Facility was re-opened. OK to operate.*

*Notified supervisor A. Sircar of reopening.*

*Continue to work closely with professional pest control services. Continue cleaning regularly and sealing and holes/crevices in the facility. The pest control report dated 12/2/25 mentioned the back door's weather stripping needs to be repaired. Operators stated they have already ordered a new weather stripping.*
