#### Overall Comments:

*Most of the unused items have been removed from the delivery area outside. Non-food related boxes, such as shampoos, etc. are stored outside under a tarp. This can serve as a shelter for rats. Store such items inside the warehouse or in a rodent-proof storage shed by 10/24/25. No rats dropping observed in the warehouse.*

When required to determine compliance, a single reinspection will be conducted without additional charge. If subsequent reinspections are required, an hourly fee (minimum one hour) at the current rate approved by the Board of Supervisors will be assessed for each and every reinspection until the necessary changes or corrections are made. Unless otherwise noted by the inspector, all violations are to be corrected no later than **10/9/2025**. Any major change in menu or any change in ownership must have prior approval by this Department. This may require structural and/or equipment changes or remodeling to accommodate new operations.
