Notes:

- A HACCP plan was not available onsite. After speaking with the school's district they sent over two pages of the HACCP plan. Provide the full plan via email to Alexander.Alfaro@deh.sccgov.org.

- Receiving temperatures for food brought today were not filled out. Per PIC, they remember all the temperatures and began filling them out from memory. Reinforced with PIC that time logs should be filled out as they are measured for best accuracy.

When required to determine compliance, a single reinspection will be conducted without additional charge. If subsequent reinspections are required, an hourly fee (minimum one hour) at the current rate approved by the Board of Supervisors will be assessed for each and every reinspection until the necessary changes or corrections are made. Unless otherwise noted by the inspector, all violations are to be corrected no later than **9/30/2025**. Any major change in menu or any change in ownership must have prior approval by this Department. This may require structural and/or equipment changes or remodeling to accommodate new operations.
