Currently facility is affected by a power outage.

Spoke with the manager Ravi, he stated the power went off around 1PM today, he has already instructed employees to close both the store and the deli. Facility was in the process of self-closing when I came in.

Discussed making sure food is staying within the proper holding temperatures. Employees are currently transferring the food to the coolers to their other location (Apni Mandi Sunnyvale) in temperature controlled trucks.

Manager stated when power will come back the employees will check the temperatures and discard PHFs out of safe holding temperatures.

When required to determine compliance, a single reinspection will be conducted without additional charge. If subsequent reinspections are required, an hourly fee (minimum one hour) at the current rate approved by the Board of Supervisors will be assessed for each and every reinspection until the necessary changes or corrections are made. Unless otherwise noted by the inspector, all violations are to be corrected no later than **3/5/2026**. Any major change in menu or any change in ownership must have prior approval by this Department. This may require structural and/or equipment changes or remodeling to accommodate new operations.
