Overall Comments:

A risk factor assessment/structural review was provided during non-operation hours. Provided inspection, discussion, and education focused on observed and non-observed risk factors known to contribute to foodborne illness.

Note: observed ice machine in the front bar/service window area that was partially obstructing the handsink. Facility may temporarily set up the wash compartment of the bar's 3-compartment sink as a handsink (place soap and paper towel dispensers at the 3-compartment sink).

When required to determine compliance, a single reinspection will be conducted without additional charge. If subsequent reinspections are required, an hourly fee (minimum one hour) at the current rate approved by the Board of Supervisors will be assessed for each and every reinspection until the necessary changes or corrections are made. Unless otherwise noted by the inspector, all violations are to be corrected no later than **4/22/2026**. Any major change in menu or any change in ownership must have prior approval by this Department. This may require structural and/or equipment changes or remodeling to accommodate new operations.
