Compliance of this violation has been verified on: 09/27/2024

Measured Observations

N/A

Overall Comments:

Subsequent follow-up inspection for facility closed due to cockroach infestation.

At time of inspection, four dead cockroaches observed.

- Two dead cockroaches located by the CO2 tanks.
- One dead cockroach located by the handwash sink at the front counter
- One dead cockroach located in the restroom.

The observed cockroaches appears to have been dead for an extended period of time as they already appear dried. Operator shall clean and sanitize areas of dead cockroaches.

Most recent pest control service report dated 10/9/24 was reviewed. Service report states treatment was conducted and no cockroaches observed.

Observed that kitchen has been deep cleaned and gaps/crevices that may harbor vermin has been sealed.

No additional evidence of a cockroach infestation is observed at time of inspection.

Facility is okay to reopen.

When required to determine compliance, a single reinspection will be conducted without additional charge. If subsequent reinspections are required, an hourly fee (minimum one hour) at the current rate approved by the Board of Supervisors will be assessed for each and every reinspection until the necessary changes or corrections are made. Unless otherwise noted by the inspector, all violations are to be corrected no later than **10/29/2024**. Any major change in menu or any change in ownership must have prior approval by this Department. This may require structural and/or equipment changes or remodeling to accommodate new operations.
