Measured Observations

Item	Location	Measurement	Comments
Hot water	Three compartment sink	125.00 Fahrenheit	
Hot water	Three compartment sink	125.00 Fahrenheit	

Overall Comments:

Note: This is a second follow-up inspection to the routine inspection that was conducted on 07/31/2025. The facility was closed for vermin infestation. The owner hired two pest control companies and conducted multiple interventions. The booth sits were all removed and the dining area cleaned. Most of the structural deficiencies are also addressed. Checklist for reopening after closure and couple of pest control company report are collected.

During today's follow-up inspection, no live or dead cockroaches were observed in the restaurant. Therefore, the restaurant is open for service.

FACILITY RE-OPENED / PERMIT REINSTATED

When required to determine compliance, a single reinspection will be conducted without additional charge. If subsequent reinspections are required, an hourly fee (minimum one hour) at the current rate approved by the Board of Supervisors will be assessed for each and every reinspection until the necessary changes or corrections are made. Unless otherwise noted by the inspector, all violations are to be corrected no later than **8/22/2025**. Any major change in menu or any change in ownership must have prior approval by this Department. This may require structural and/or equipment changes or remodeling to accommodate new operations.
