Overall Comments:

This is the first follow up inspection. A pest control report and a completed and signed checklist for reopening was provided prior to this inspection.

Observations:

K22: The floor sink for the three compartment sink was back up and not draining. A plumber arrived onsite during the inspection to clean out the drain.

K23: Facility has cleaned evidence of infestation and has taken exclusionary measures to seal potential entrances.

K34: Facility has provided test strips and drain plugs.

Facility is okay to reopen. Provide pest control records for the next 3 months.

Future repeat violations with vermin will result in an office hearing.
