Inspector Observations:

At the wall to the right of the warewashing area, observed a large wooden board secured to the wall. Per staff, the wall is in disrepair, and they have covered it up by affixing a wooden board directly to the wall.

[CA] Remove wood to prevent the potential harborage of vermin. Material is not durable, easily cleanable, or nonabsorbent. Properly repair/resurface wall using approved materials that are durable, nonabsorbent, and easily cleanable.

Overall Comments:

On-site for a follow-up inspection to verify that facility is free of cockroach activity.

During the follow-up inspection, observed no evidence of cockroach activity.

Continue to work with pest control.

When required to determine compliance, a single reinspection will be conducted without additional charge. If subsequent reinspections are required, an hourly fee (minimum one hour) at the current rate approved by the Board of Supervisors will be assessed for each and every reinspection until the necessary changes or corrections are made. Unless otherwise noted by the inspector, all violations are to be corrected no later than **8/18/2026**. Any major change in menu or any change in ownership must have prior approval by this Department. This may require structural and/or equipment changes or remodeling to accommodate new operations.
