#### Overall Comments:

*Reinspection for the cockroach activity from last inspection. At this time there was not any roaches observed dead nor alive. There is not any invoice able to be shown that there is a pest control service. Recommend the glue boards to monitor for any roach activity. Continue to clean the floor of any food particles and protect food from possible contamination.*

When required to determine compliance, a single reinspection will be conducted without additional charge. If subsequent reinspections are required, an hourly fee (minimum one hour) at the current rate approved by the Board of Supervisors will be assessed for each and every reinspection until the necessary changes or corrections are made. Unless otherwise noted by the inspector, all violations are to be corrected no later than **7/4/2024**. Any major change in menu or any change in ownership must have prior approval by this Department. This may require structural and/or equipment changes or remodeling to accommodate new operations.
