Overall Comments:

Follow-up for rodent droppings observed during routine inspection conducted on 6/24/25.

Did not observe evidence of rodent infestation at time of inspection. Reviewed most recent pest control service report dated 6/27/25 that also notes no vermin activity.

Areas where droppings was previously observed has been cleaned and sanitized.

Major temperatures violations were also noted on previous inspection, and verified that violation was still in compliance. See measured observations.

When required to determine compliance, a single reinspection will be conducted without additional charge. If subsequent reinspections are required, an hourly fee (minimum one hour) at the current rate approved by the Board of Supervisors will be assessed for each and every reinspection until the necessary changes or corrections are made. Unless otherwise noted by the inspector, all violations are to be corrected no later than **7/14/2025**. Any major change in menu or any change in ownership must have prior approval by this Department. This may require structural and/or equipment changes or remodeling to accommodate new operations.
