Overall Comments:

On-site to conduct a follow-up to the routine inspection from 5/12/2025.

The following major violation has been corrected:

K23: No rodents, insects, birds, or animals.

- Reviewed Western Pest Control report from 5/15/2025. Per report, all recommended actions from previous evaluation on 1/22/2025 have now been completed, except for sanitation of attic. Facility to follow up and ensure attic area is maintained clean and free of vermin.

- Conducted on-site walkthrough with Facilities to verify compliance with all recommended actions. The cracks in the dry storage area have been sealed off with a durable material. All additional cracks/holes/entryways into the facility have been sealed.

- Facility has conducted deep cleaning and sanitation of dry storage and kitchen area, including all food contact surfaces.

- No evidence of vermin observed during inspection.

Per PIC, facility will continue to receive daily pest control services. Traps in the kitchen and dry storage area will be continually monitored by staff and pest control.

Continue to address remaining violations cited on previous inspection report.

Facility is hereby authorized by this Department to resume operations.

FACILITY RE-OPENED / PERMIT REINSTATED

When required to determine compliance, a single reinspection will be conducted without additional charge. If subsequent reinspections are required, an hourly fee (minimum one hour) at the current rate approved by the Board of Supervisors will be assessed for each and every reinspection until the necessary changes or corrections are made. Unless otherwise noted by the inspector, all violations are to be corrected no later than **5/29/2025**. Any major change in menu or any change in ownership must have prior approval by this Department. This may require structural and/or equipment changes or remodeling to accommodate new operations.
