Overall Comments:

Environmental Health permit was suspended on 07/10/2026 due to cockroach infestation. Follow-up inspection was conducted today.

No live or dead cockroaches were observed at time of this inspection. Monitoring trap was clear.

Operator obtained pest control service from Clark Pest Control this morning. Pest control technician noted the facility was treated for German cockroaches and rats. Report noted "no live cockroach activity". Operator stated he will continue with monthly pest control service.

Facility has been thoroughly cleaned.

Pest exclusion measures have been completed. Operator sealed the following areas:

- Gaps around water lines for both dipper wells
- Gaps above the floor sinks for the dipper wells
- Gaps around the hand sink drain line
- Gaps between the wall and stainless steel corner guards near the restroom
- Pipe protruding from wall at the storage area has been covered

Environmental Health permit to be reinstated. This facility is okay to operate.

FACILITY RE-OPENED / PERMIT REINSTATED

When required to determine compliance, a single reinspection will be conducted without additional charge. If subsequent reinspections are required, an hourly fee (minimum one hour) at the current rate approved by the Board of Supervisors will be assessed for each and every reinspection until the necessary changes or corrections are made. Unless otherwise noted by the inspector, all violations are to be corrected no later than 7/25/2026. Any major change in menu or any change in ownership must have prior approval by this Department. This may require structural and/or equipment changes or remodeling to accommodate new operations.
