Overall Comments:

Follow-up inspection for closure due to cockroach activity.

K23M - Cockroach activity

- No live activity observed during time of inspection.*
- Pest control report for 08/14/2025 reviewed. Report noted that the front entrance was treated and kitchen treated with residual insecticide for cockroaches.*
- Continue to clean and sanitize all areas with activity/previous activity, and clean equipment to keep free of food debris.*
- Continue to seal cracks and crevices around outlets, walls, panels, and wall mounted equipment. Repair any broken tiles, walls and peeling paint to prevent harborage.*
- Continue to communicate with pest control to provide service for the facility.*
- Use monitoring traps in areas with previous activity to evaluate for new/current activity.*

- If activity is found within the facility, facility shall self-close to provide corrective action. Facility shall not continue operating with the presence of cockroach activity.

When required to determine compliance, a single reinspection will be conducted without additional charge. If subsequent reinspections are required, an hourly fee (minimum one hour) at the current rate approved by the Board of Supervisors will be assessed for each and every reinspection until the necessary changes or corrections are made. Unless otherwise noted by the inspector, all violations are to be corrected no later than **8/28/2025**. Any major change in menu or any change in ownership must have prior approval by this Department. This may require structural and/or equipment changes or remodeling to accommodate new operations.
