Item	Location	Measurement	Comments
water	dish sink	120.00 Fahrenheit	
water	hand sink	100.00 Fahrenheit	

Overall Comments:

The water has reached 120 degrees F at the dish sink and 100 degrees F at the hand sink. Hands can now be washed properly and the facility may reopen.

The facility is permitted as food service. The church school now has their own separate permit. The church kitchen permit will no longer be a school permit.

The permit will need to be changed to FP10 and the annual permit fee is \$1107.00.

When required to determine compliance, a single reinspection will be conducted without additional charge. If subsequent reinspections are required, an hourly fee (minimum one hour) at the current rate approved by the Board of Supervisors will be assessed for each and every reinspection until the necessary changes or corrections are made. Unless otherwise noted by the inspector, all violations are to be corrected no later than **11/6/2025**. Any major change in menu or any change in ownership must have prior approval by this Department. This may require structural and/or equipment changes or remodeling to accommodate new operations.
