Cited On: 12/13/2024

K23 - 3 Points - Observed rodents, insects, birds, or animals; 114259.1, 114259.4, 114259.5

Inspector Observations: Observed one live roach on the storage room floor. [CA] Take effective measures to eliminate the roaches from inside the facility and protect food from contamination. There is no open food containers in this room. The manager was able to kill the cockroach.

Measured Observations

N/A

Overall Comments:

Reinspection for cockroach infestation. Several cardboard boxes were discarded, cleaning done, and a pest control service have all taken place. According to the manager another service is scheduled for this coming Monday. The placard was changed to green for use of the storage room.

When required to determine compliance, a single reinspection will be conducted without additional charge. If subsequent reinspections are required, an hourly fee (minimum one hour) at the current rate approved by the Board of Supervisors will be assessed for each and every reinspection until the necessary changes or corrections are made. Unless otherwise noted by the inspector, all violations are to be corrected no later than **12/27/2024**. Any major change in menu or any change in ownership must have prior approval by this Department. This may require structural and/or equipment changes or remodeling to accommodate new operations.
