Overall Comments:

On site for follow up inspection for CO0158439 rodent activity complaint.

No new rodent activity observed in the facility.

Old rodent droppings have been cleaned. Back warehouse, produce area and deli areas are cleaned.

Multiple traps are still set in various locations of the facility for prevention.

Western pest control technicians were on site during inspection. The technicians mentioned they did not find new rodent activity during their inspection. They identified few structural issues, facility manager said they will contact their contractor today to repair structural issues.

Email pest control report to district specialist.

When required to determine compliance, a single reinspection will be conducted without additional charge. If subsequent reinspections are required, an hourly fee (minimum one hour) at the current rate approved by the Board of Supervisors will be assessed for each and every reinspection until the necessary changes or corrections are made. Unless otherwise noted by the inspector, all violations are to be corrected no later than **12/18/2025**. Any major change in menu or any change in ownership must have prior approval by this Department. This may require structural and/or equipment changes or remodeling to accommodate new operations.
