Program PR0300305 - SCHOOL FOOD SERVICE RISK CAT 2 - FP22	Owner Name OAK GROVE SCHOOL DISTRICT	Inspection Time 11:10 - 12:00
K48	Plan review	
K49	Permits available	
K58	Placard properly displayed/posted	

Comments and Observations

Major Violations

No major violations were observed during this inspection.

Minor Violations

K23 - 3 Points - Observed rodents, insects, birds, or animals; 114259.1, 114259.4, 114259.5

Inspector Observations: Many dead cockroaches were observed on the traps located by the back screen door and below the front service counter.

[CA] Food facility shall be kept free of non-disease carrying insects, weevils, ants, gnats, and fruit flies. Eliminate any insect from the facility by legal methods. Please conduct a regular cleaning and replace the traps immediately.

K47 - 2 Points - Signs not posted; last inspection report not available; 113725.1, 113953.5, 113978, 114381(e)

Inspector Observations: The county's Environmental Health permit posted on the public view has expired.

[CA] The most current Environmental Health permit must be posted on public view at all the time.

Performance-Based Inspection Questions

All responses to PBI questions were satisfactory.

Measured Observations

Item	Location	Measurement	Comments
Veggie burger	Final cook	165.00 Fahrenheit	
Lactic acid	Two compartment sink	300.00 PPM	
Italian dunker	Final cook	165.00 Fahrenheit	
Milk	Milk cooler	40.00 Fahrenheit	
Burger	Final cook	165.00 Fahrenheit	
Hot water	Two compartment sink	130.00 Fahrenheit	

Overall Comments:

Note: 1. Food safety manager certificate: Maria Montes - 1/16/2029

2. The school gets food products from the Oak Grove School District office located at 6578 Santa Teresa Blvd, San Jose. It also purchases some food products from Gold Star Foods company located at 3781 E Airport Dr. Ontario, CA 91761. It reheats and serve the hot-held potentially hazardous food products. Any leftover is discarded after lunch is over.

3. The cafeteria does not have a designated handwash sink and a three compartment sinks. The two compartment sink located back in the kitchen is used for utensil and handwashing while the front one is being used for hand and fruit washing. The two compartment warewash sink used for food preparation and handwashing drains into a floor sink. It is highly recommended installing a designated handwash sink, a three compartment warewash sink. Remodeling the plumbing system requires plan submission to our plan check unit and to the city's building department.

3. According to USDA, schools serving lunch through the School Lunch program must have a written HACCP plan in place. Please keep copy in the cafeteria.

When required to determine compliance, a single reinspection will be conducted without additional charge. If subsequent reinspections are required, an hourly fee (minimum one hour) at the current rate approved by the Board of Supervisors will be assessed for each and every reinspection until the necessary changes or corrections are made. Unless otherwise noted by the inspector, all violations are to be corrected no later than **9/17/2025**. Any major change in menu or any change in ownership must have prior approval by this Department. This may require structural and/or equipment changes or remodeling to accommodate new operations.
