K14 - 8 Points - Food contact surfaces unclean and unsanitized; 113984(e), 114097, 114099.1, 114099.4, 114099.6, 114101, 114105, 114109, 114111, 114113, 114115(a,b,d), 114117, 14125(b), 114141

Inspector Observations: Observed approximately 5-10 rodent droppings inside the 3-compartment sink. No other evidence of rodents/droppings was observed inside or outside of the facility.

Per PIC, the facility routinely vacuums droppings outdoors, and an employee had just cleaned out the vacuum this morning and dumped the contents into the sink. Observed large vacuum on floor in the warewashing area.

[CA] Keep sinks/food contact surfaces clean. Do not dump debris/droppings into the sinks.

[COS] Droppings were removed and properly discarded, and the 3-compartment sink was cleaned and sanitized. A billable follow-up will be conducted. See notes below.

Overall Comments:

This was a follow-up to the 7/28/25 limited inspection (closure for evidence of cockroach infestation). The facility had submitted a completed Vermin Reopening checklist and a pest control report (pest control report was dated 7/29/25).

No cockroaches, dead or alive, were observed during today's reinspection. Facility was re-opened. OK to operate.

Due to the observation of rodent droppings in the facility, a billable follow-up inspection will be conducted next week.

Consulted supervisor P. Mark.

Report was emailed to facility during the inspection.

FACILITY RE-OPENED / PERMIT REINSTATED

When required to determine compliance, a single reinspection will be conducted without additional charge. If subsequent reinspections are required, an hourly fee (minimum one hour) at the current rate approved by the Board of Supervisors will be assessed for each and every reinspection until the necessary changes or corrections are made. Unless otherwise noted by the inspector, all violations are to be corrected no later than **8/13/2025**. Any major change in menu or any change in ownership must have prior approval by this Department. This may require structural and/or equipment changes or remodeling to accommodate new operations.
