Comments and Observations

Major Violations

K08 - 8 Points - Improperly using time as a public health control procedures & records; 114000

Inspector Observations: *At the cookline: measured internal temperature of garlic in oil mixture to be 65F. PIC stated it had been held for about 30 minutes, and usually they use either time-marking or temperature control, but no time-marking was observed.*

[CA] *If using time alone (TPHC), rather than temperature control, PHF foods must be immediately time-marked to be discarded within 4 hours. Otherwise, foods must be kept at 41F and below or 135F and above.*

If using TPHC, written procedures/SOPs must be available.

[SA] *Garlic in oil will be used within 4 hours.*

Minor Violations

No minor violations were observed during this inspection.

Performance-Based Inspection Questions

All responses to PBI questions were satisfactory.

Overall Comments:

When required to determine compliance, a single reinspection will be conducted without additional charge. If subsequent reinspections are required, an hourly fee (minimum one hour) at the current rate approved by the Board of Supervisors will be assessed for each and every reinspection until the necessary changes or corrections are made. Unless otherwise noted by the inspector, all violations are to be corrected no later than **2/6/2025**. Any major change in menu or any change in ownership must have prior approval by this Department. This may require structural and/or equipment changes or remodeling to accommodate new operations.
