K23 - 8 Points - Observed rodents, insects, birds, or animals; 114259.1, 114259.4, 114259.5

Compliance of this violation has been verified on: 07/21/2022

Minor Violations

N/A

Measured Observations

Item	Location	Measurement	Comments
Chlorine	Mechanical dishwasher	50.00 PPM	
Beef	Freezer	0.00 Fahrenheit	
Hot water	Three compartment sink	125.00 Fahrenheit	

Overall Comments:

Note: The facility was closed on 07/14/2022, because of German roach infestation. During a follow-up inspection that was conducted on 07/17/2022, dead and live cockroaches were found. Therefore, the facility was left closed. The manager called the office to request another follow-up inspection.

During the time of this inspection, most of the structural deficiencies that contribute to the cockroaches infestation are addressed. No live and dead cockroaches are observed during this follow-up inspection. Therefore, the facility is open for service. But cleanliness of the kitchen's floor and wall structures must be improved. The other violations cited during the 07/14/2022 routine inspection must also be addressed immediately.

Since an owner initiated follow-up inspection was conducted on the weekend, the owner will be billed \$493.00 for that inspection.

When required to determine compliance, a single reinspection will be conducted without additional charge. If subsequent reinspections are required, an hourly fee (minimum one hour) at the current rate approved by the Board of Supervisors will be assessed for each and every reinspection until the necessary changes or corrections are made. Unless otherwise noted by the inspector, all violations are to be corrected no later than **8/4/2022**. Any major change in menu or any change in ownership must have prior approval by this Department. This may require structural and/or equipment changes or remodeling to accommodate new operations.
