#### Overall Comments:

*Note: This is a second follow-up inspection to the complaint investigation's follow-up inspection that was conducted on 07/01/2022. During the first follow-up inspection, couple of dead live and dead cockroaches were observed, but the owner eliminated the cockroaches on site. Therefore, the facility was open for business provided that the owner will conduct more cleaning and have another pest control company intervention on the weekend.*

*This is a follow-up inspection to that follow-up. During the time of this inspection, no live or dead cockroaches were observed in the facility. The owner conducted a thorough cleaning and a pest control company was called to conduct another intervention. The owner is told to conduct a routine thorough cleaning and a pest control intervention in the future as well. Since this is a second follow-up to a similar violation, the owner will be billed an invoice in an amount of \$219.00*

When required to determine compliance, a single reinspection will be conducted without additional charge. If subsequent reinspections are required, an hourly fee (minimum one hour) at the current rate approved by the Board of Supervisors will be assessed for each and every reinspection until the necessary changes or corrections are made. Unless otherwise noted by the inspector, all violations are to be corrected no later than **7/19/2022**. Any major change in menu or any change in ownership must have prior approval by this Department. This may require structural and/or equipment changes or remodeling to accommodate new operations.
