Overall Comments:

This is the first follow up inspection to verify compliance with violation K23 after vermin activity was observed during the routine inspection.

Observations:

- No evidence of vermin observed.
- Facility was treated by Crane Pest Control on Friday and again this morning at 11 am. No activity on any of the monitor traps placed. Monitor traps were placed on top of the dishwasher, under the dishwasher, in the instrument panel, under the handwash sink, under the prep sink, on electrical conduit near the three compartment sink.
- Facility has cleaned affected equipment of dead bodies.
- Facility has cleaned the grease accumulation under the cookline equipment.

Continue to correct any and all pending violations.

When required to determine compliance, a single reinspection will be conducted without additional charge. If subsequent reinspections are required, an hourly fee (minimum one hour) at the current rate approved by the Board of Supervisors will be assessed for each and every reinspection until the necessary changes or corrections are made. Unless otherwise noted by the inspector, all violations are to be corrected no later than **6/9/2026**. Any major change in menu or any change in ownership must have prior approval by this Department. This may require structural and/or equipment changes or remodeling to accommodate new operations.
