Measured Observations

Item	Location	Measurement	Comments
water	hand sink	100.00 Fahrenheit	
fish	display case	39.00 Fahrenheit	
fish	prep unit	38.00 Fahrenheit	

Overall Comments:

There is not a designated dish sink nor food prep sink for the sushi area, bakery, deli, or pizza prep. The bakery, deli, pizza and sushi all share one food prep sink which is also being used for dish washing/rinsing since it is the only sink besides the hand sinks. Further discussions needed for this since each sink must only be used for its designated purpose.

The dirty dishes are all supposed to be carted down a hallway with storage shelves also in this small hallway. Take effective measures to safely do these tasks without contamination to items or food.

When required to determine compliance, a single reinspection will be conducted without additional charge. If subsequent reinspections are required, an hourly fee (minimum one hour) at the current rate approved by the Board of Supervisors will be assessed for each and every reinspection until the necessary changes or corrections are made. Unless otherwise noted by the inspector, all violations are to be corrected no later than **5/27/2026**. Any major change in menu or any change in ownership must have prior approval by this Department. This may require structural and/or equipment changes or remodeling to accommodate new operations.
