Overall Comments:

Facility has created a dining area and do not have a customer restroom. This was discussed during the Change of Ownership. PIC stated guests are monitored and walked through the kitchen on the food storage side (not the food prep side) to the back restroom. Spoke with Supervisor Liz Tobin and agreed that facility can continue doing this as long as they provide SOPs to the Department by 6/16/2026. If guests are observed walking through kitchen unattended, the exception will be revoked.

When required to determine compliance, a single reinspection will be conducted without additional charge. If subsequent reinspections are required, an hourly fee (minimum one hour) at the current rate approved by the Board of Supervisors will be assessed for each and every reinspection until the necessary changes or corrections are made. Unless otherwise noted by the inspector, all violations are to be corrected no later than **6/25/2026**. Any major change in menu or any change in ownership must have prior approval by this Department. This may require structural and/or equipment changes or remodeling to accommodate new operations.
