Inspector Observations: 1. Observed Vermin: Documented in the following areas:

- Three live cockroaches affected by pest control chemicals found near the grease trap.
- One dead cockroach in the kitchen under the bread rack shelving.
- One dead cockroach under the prep table in the kitchen.

2. Photographs: Taken for documentation purposes.

3. Supervisor Notified: Yes

4. Notification: The person in charge during inspection, Abram and Ricky, has been informed that the facility must close immediately.

[CA]: The premises of each food facility must be maintained free of vermin. A facility cannot operate if there is a vermin infestation that leads to contamination of food contact surfaces, packaging, utensils, food equipment, or adulteration of food. The facility is required to cease operations immediately and must remain closed until all corrective actions on the provided checklist are completed.

Note: Facility has sealed gaps found along walls, baseboards, electrical outlet covers, and pipes.

[COS] PIC eliminated the three live cockroaches immediately. No other live activity observed. A follow up inspection will be conducted within 48 hours.

Overall Comments:

CO0159195

- A limited inspection was conducted as a major violation was observed during a complaint investigation.

- A follow up inspection will be conducted within 48 hours.

When required to determine compliance, a single reinspection will be conducted without additional charge. If subsequent reinspections are required, an hourly fee (minimum one hour) at the current rate approved by the Board of Supervisors will be assessed for each and every reinspection until the necessary changes or corrections are made. Unless otherwise noted by the inspector, all violations are to be corrected no later than **4/7/2026**. Any major change in menu or any change in ownership must have prior approval by this Department. This may require structural and/or equipment changes or remodeling to accommodate new operations.
