Overall Comments:

Reinspection due to the observation of a cockroach during previous inspection.

No cockroaches were observed during reinspection. Continue to take effective measures to eliminate insect in the facility and protect food from possible contamination. The manager showed the current pest control invoice. Provide more glue boards for monitoring for any continuing issue.

When required to determine compliance, a single reinspection will be conducted without additional charge. If subsequent reinspections are required, an hourly fee (minimum one hour) at the current rate approved by the Board of Supervisors will be assessed for each and every reinspection until the necessary changes or corrections are made. Unless otherwise noted by the inspector, all violations are to be corrected no later than **3/19/2025**. Any major change in menu or any change in ownership must have prior approval by this Department. This may require structural and/or equipment changes or remodeling to accommodate new operations.
