Item	Location	Measurement	Comments
water	dish sink	120.00 Fahrenheit	
cheese	under counter refrigerated cabinet	37.00 Fahrenheit	

Overall Comments:

Reinspection completed. There were not any roaches observed in the deli. Water at the sinks reached proper temperatures. The hot case is still not being used and a sign is posted for it not to be used since it is not working well enough to hold the hot food at 135 degrees F minimum. Continue to not use the hot case until it is able to hold the food at 135 degrees F minimum. The manager pointed out the areas and equipment that had thorough cleaning. The placard was changed to green today.

When required to determine compliance, a single reinspection will be conducted without additional charge. If subsequent reinspections are required, an hourly fee (minimum one hour) at the current rate approved by the Board of Supervisors will be assessed for each and every reinspection until the necessary changes or corrections are made. Unless otherwise noted by the inspector, all violations are to be corrected no later than **11/7/2025**. Any major change in menu or any change in ownership must have prior approval by this Department. This may require structural and/or equipment changes or remodeling to accommodate new operations.
