Overall Comments:

A follow up inspection was conducted on this date as requested by Nicolas, the owner, to verify the abatement of cockroach activity as observed during the 8/4/26 complaint investigation, and subsequent re-inspections conducted on 8/6/2026 and 8/7/2026

On this date:

- Pest control reports from Polaris Pest Elimination dated 8/9/26 and 8/10/26 indicating abatement were reviewed at this time*
- No further evidence of cockroach activity was observed at this time*

Continue monitoring for additional cockroach activity and identifying additional cracks, crevices, and gaps that may provide the harborage of vermin.

This is the third re-inspection and will be charged the hourly reinspection fee of \$282.00. The health permit is hereby reinstated and facility okay to operate.

When required to determine compliance, a single reinspection will be conducted without additional charge. If subsequent reinspections are required, an hourly fee (minimum one hour) at the current rate approved by the Board of Supervisors will be assessed for each and every reinspection until the necessary changes or corrections are made. Unless otherwise noted by the inspector, all violations are to be corrected no later than **8/24/2026**. Any major change in menu or any change in ownership must have prior approval by this Department. This may require structural and/or equipment changes or remodeling to accommodate new operations.
