Overall Comments:

Follow-up inspection for conditional pass due to improper holding temperatures and contamination/adulteration of food.

The following MAJOR violations have been corrected:

K07M - Improper holding temperatures/K35 - Equipment not in good repair

- Measured all potentially hazardous foods maintained cold at 41F and below.

- Operator replaced the 2 drawer single door prep unit with a like-for-like 2 door prep unit.

K13M - Contamination and adulteration of food

- No contamination or adulteration of food observed during time of inspection.

- No fruit flies found in alcohol bottles at the bar area. Observed fruit flies in the area, but the addition of spout covers for alcohol bottles to prevent contamination.

- Per management, currently working with pest control to eliminate activity.

When required to determine compliance, a single reinspection will be conducted without additional charge. If subsequent reinspections are required, an hourly fee (minimum one hour) at the current rate approved by the Board of Supervisors will be assessed for each and every reinspection until the necessary changes or corrections are made. Unless otherwise noted by the inspector, all violations are to be corrected no later than **8/27/2025**. Any major change in menu or any change in ownership must have prior approval by this Department. This may require structural and/or equipment changes or remodeling to accommodate new operations.
