No major violations were observed during this inspection.

Minor Violations

K08 - 3 Points - Improperly using time as a public health control procedures & records; 114000

Inspector Observations: Cheese kept at the prep surface under TPHC had one time marking indicating PHFs were kept for more than 4 hours, and a separate time marking indicating a different discard time. PIC stated the cheese was taken out of the walk in refrigerator less than 1 hour ago and employees did not remove the previous discard time.

[CA] When time only, rather than time and temperature is used as a public health control, PHFs shall be time marked to indicate when item is removed from temperature control, discarded if not consumed or served within 4 hours, and written procedures shall be readily available for review.

If subsequent reinspections are required, an hourly fee (minimum one hour) at the current rate approved by the Board of Supervisors will be assessed for each and every reinspection until the necessary changes or corrections are made. Unless otherwise noted by the inspector, all violations are to be corrected no later than **5/26/2026**. Any major change in menu or any change in ownership must have prior approval by this Department. This may require structural and/or equipment changes or remodeling to accommodate new operations.
