Overall Comments:

Note: The facility sells coffee and open juices. However, it does not have designated handwash station and janitorial sinks. Until a handwash station is installed, employees must wash hand in the two compartment warewash sink located in the storage area, and until a janitorial sink is installed, please dispose gray water into the toilet. Do not dispose any gray water outside the facility.

Both structures shall be installed when the facility goes through a remodeling or a change of ownership.

When required to determine compliance, a single reinspection will be conducted without additional charge. If subsequent reinspections are required, an hourly fee (minimum one hour) at the current rate approved by the Board of Supervisors will be assessed for each and every reinspection until the necessary changes or corrections are made. Unless otherwise noted by the inspector, all violations are to be corrected no later than **7/28/2026**. Any major change in menu or any change in ownership must have prior approval by this Department. This may require structural and/or equipment changes or remodeling to accommodate new operations.
