Comments and Observations

Major Violations

No major violations were observed during this inspection.

Minor Violations

K08 - 3 Points - Improperly using time as a public health control procedures & records; 114000

Inspector Observations: Observed on today's Time as a Public Health Control (TPHC) time logs:

- Temperatures were taken at 9:50am

- "CA roll with chicken gyoza" and "Spam Musubi" temperatures were recorded as 80F at 9:50am.

[CA] When using TPHC, foods must be immediately time-marked upon being removed from temperature control (i.e. when any ingredient is removed from active holding at 41F and below or 135F and above).

[SA] All foods had already been served today. Discussed with PIC on site and with Charley's Noodle representative (Lisa) over the phone. Ensure different time stamps are recorded for different food items as necessary to properly document when the 4 hour time limit can begin.

Overall Comments:

All foods are prepackaged and delivered from Charley's Noodle (TPHC). Provided and discussed Santa Clara County's TPHC form for reference.

Note: all lunch foods had already been served during the inspection, but TPHC logs and procedures were available for review.

When required to determine compliance, a single reinspection will be conducted without additional charge. If subsequent reinspections are required, an hourly fee (minimum one hour) at the current rate approved by the Board of Supervisors will be assessed for each and every reinspection until the necessary changes or corrections are made. Unless otherwise noted by the inspector, all violations are to be corrected no later than **2/16/2026**. Any major change in menu or any change in ownership must have prior approval by this Department. This may require structural and/or equipment changes or remodeling to accommodate new operations.
